END USER LICENSE AGREEMENT (EULA)
YourEnergyPhoto™ — Shine Your Inner Light LLC

Effective Date: June 26, 2026
Last Updated: September 25, 2026

> **The short version:** YourEnergyPhoto™ is a web app you use in your browser at **yourenergyphoto.com** — nothing is installed on your device. You get a personal, non-commercial right to use it while your subscription is active. You don't own the software. The colours are a **playful visual effect, not a measurement** — it never identifies you or scans your face. Don't copy it, resell it, scrape it, or use it to train AI. Only photograph people who have agreed to it.

---

1. Acceptance and What the App Is

This End User License Agreement ("**EULA**") is a binding agreement between you and **Shine Your Inner Light LLC**, a Wyoming limited liability company ("**Company**," "**we**," "**us**"), governing your use of **YourEnergyPhoto™**, including the YourEnergyPhoto™ Experience, and all related software, interfaces, algorithms, and documentation (the "**App**").

YourEnergyPhoto™ is a hosted, web-based application accessed through your web browser at yourenergyphoto.com.

* **No software is downloaded, installed, or permanently stored on your device.** The App runs on our servers and is delivered to you over the internet.
* **The App is not distributed through any app store or software marketplace** (such as the Apple App Store or Google Play). Your relationship is directly with us.
* The App is available **globally**, subject to Section 15.

By accessing or using the App, you agree to this EULA — whether or not you pay us. This EULA applies to any free use of the App exactly as it applies to a paid subscription. If you do not agree, do not use the App.

This EULA supplements our **Terms of Service**. Where the two conflict, **this EULA governs as to software and licensing**.

---

2. Right to Access and Use

Subject to your compliance with this EULA, we grant you a **limited,

non-exclusive, non-transferable, non-sublicensable, revocable right** to access and use the App through a supported web browser, for **personal, non-commercial use**, for the duration of your valid subscription or access period.

This is a right of access, not a sale, and not a transfer of any copy of the software. No ownership rights transfer to you. We retain all rights in the hosted software, which remains on our systems at all times.

You are responsible for your own internet access, device, and browser, and for any costs associated with them.

---

3. Permitted Use

You may use the App for:

* Personal insight
* Self-reflection
* Entertainment

Subject to Section 6, you may share Output generated from your own photographs on personal social-media accounts.

---

4. Restrictions

You may **NOT**:

* Copy, modify, adapt, translate, or create derivative works of the App, or of any code, interface, or asset delivered to your browser
* **Download, mirror, cache, or redistribute** the App's client-side code except as your browser does automatically in the ordinary course of using it
* Rent, lease, lend, sell, sublicense, or transfer your account or your access to the App
* **Reverse engineer, decompile, disassemble**, or attempt to derive the source code, algorithms, or underlying ideas of the App — including by analyzing network traffic or client-side code — except to the limited extent applicable law expressly permits despite this restriction
* **Access, call, or interact with our APIs or backend other than through the App's own interface**, or in excess of any published rate limits
* **Scrape, crawl, harvest, or index** the App or any Output by automated means, or use bots, scripts, or headless browsers, except as we expressly permit

* **Use Output or the App to train, fine-tune, evaluate, benchmark, or develop any AI or machine-learning system, model, or dataset**
* Resell or commercially exploit the App, Output, or content
* **Bypass, disable, or circumvent** any security, authentication, rate-limiting, paywall, watermark, or access-control feature, or access any part of the App you are not authorized to reach
* Probe, scan, or test the vulnerability of the App or its infrastructure, or breach any security or authentication measure
* Remove, obscure, or alter any proprietary notice, watermark, or attribution
* Use the App in violation of any applicable law, or in any manner that could damage, disable, overburden, or impair it
* Use the App or Output to make claims about any person's health, medical condition, character, or fitness for employment, credit, housing, or insurance

---

5. Your Photographs and Content

* **You retain ownership** of photographs you upload.
* You grant us a **limited license** to process them solely to operate the App and generate your Output, as described in our Terms of Service and Privacy Policy.
* **We never use your photographs or Output to train AI models** — and where a third party processes your photograph on our behalf, we contractually require that they must not train on it, use it for their own purposes, or retain it beyond what is needed to return your Output.
* **You are solely responsible for obtaining the informed consent of every identifiable person** in any photograph you upload — and, for a minor, the consent of their parent or legal guardian — including any consent required under applicable biometric-privacy, image, publicity, or data-protection law. **Do not photograph anyone who has not agreed to it.**
* You may not upload content that is unlawful, infringing, sexually explicit, sexualizing of minors, or that violates any person's privacy or publicity rights.

---

6. Ownership

All rights, title, and interest remain with **Shine Your Inner Light LLC**, including:

* Software, source code, and algorithms
* Outputs, and the systems that produce them
* Branding, trademarks, and content, including the marks **Shine Your Inner Light** and **YourEnergyPhoto™**

The App is protected by copyright, trademark, trade-secret, and other laws. **All rights not expressly granted are reserved.**

---

7. Updates, Changes, and Availability

Because the App is hosted:

* We may **update, change, add, or remove features at any time**, and updates take effect for all users automatically when we deploy them. There is nothing for you to install.
* We may perform **maintenance** that temporarily interrupts availability, and we do not guarantee uptime.
* We may **discontinue** the App or any feature at any time, subject to your rights under our Refund Policy.

This EULA governs the App as updated from time to time.

---

8. Third-Party and Open-Source Components

The App may include third-party or open-source components licensed under their own terms, which apply to those components and, to the extent they conflict with this EULA, control **as to those components only**. A list of such components is available on request at support@yourenergyphoto.com.

---

9. Merchant of Record (WHOP)

All payments are processed through **WHOP** as Merchant of Record.

* WHOP is the **named seller on your card statement and receipt** and handles payment processing
* **We remain responsible for the App itself**, its delivery, and customer support
* We do not receive or store your full payment-card details
* **Refunds and payment disputes are handled by us, not WHOP** — see our **Refund Policy** and contact support@yourenergyphoto.com

---

10. How the Output Works

Your Output is entertainment. The colours, names, and descriptions are a **designed visual and creative gesture** — a playful effect

applied to your photograph, much like a photo filter.

How we make it. We use a range of technologies to produce your Output. **These may include artificial-intelligence or machine-learning services, including third-party providers, and may change over time.** What we use does not change what the Output is.

What it never does. Whatever technology is involved, nothing in the App:

* performs **facial recognition, face matching, identity verification, or face search**;
* creates a **faceprint, face template, face-geometry scan, or voiceprint**;
* detects, measures, or infers **health, medical condition, emotions, mental state, demographics, or any biological or physiological characteristic** of any person or animal;
* identifies anyone, or compares a photograph against any database.

The Output:

* Is **decorative and symbolic**
* Is **not factual, scientific, medical, or diagnostic**
* **May vary** between sessions, users, devices, and over time, including for the same photograph
* Is **not warranted** to be accurate, meaningful, consistent, repeatable, or fit for any purpose

About the playful language. Words and phrases used in the App — including "aura," "energy," "frequencies," "reading," "scan," "analyzing," "biofield," and "vibe" — are **artistic and figurative language only, used in the spirit of fun**. They do not describe any process of measuring, diagnosing, or assessing a person, and no such process takes place.

> **This app is intended for entertainment and personal exploration only.**

It is not medical, psychological, or therapeutic advice, and it is not a substitute for care from a qualified professional.

---

11. Term and Termination

* This EULA is effective until terminated.
* **Your right to access the App may be revoked immediately if you violate these terms**, or if required by law.
* You may terminate at any time by **ceasing use of the App and cancelling any subscription** (see our Refund Policy). Because nothing

is installed, there is nothing to uninstall. **Your Energy Journal is deleted when your subscription ends** — download anything you want to keep before it lapses, because we cannot restore it afterwards (see Privacy Policy §4.3). You may also request deletion of your account under our Privacy Policy.
* **On termination, your right of access ends immediately.** Sections 4, 5, 6, 10, and 12–19 survive.

---

12. No Warranty

THE APP IS PROVIDED "AS IS" AND "AS AVAILABLE," WITH NO GUARANTEES OF:

* Accuracy
* Availability or uptime
* Consistency
* Security, error-free operation, or uninterrupted access

To the fullest extent permitted by law, we disclaim all warranties, express, implied, or statutory, including **merchantability, fitness for a particular purpose, title, and non-infringement**. Some jurisdictions do not allow these exclusions, so some may not apply to you.

---

13. Limitation of Liability

TO THE FULLEST EXTENT PERMITTED BY LAW, we are not liable for:

* Data loss or corruption
* Emotional, spiritual, or psychological outcomes
* Financial or personal decisions
* Service interruptions, downtime, or loss of access
* Any indirect, incidental, special, consequential, exemplary, or punitive damages, or lost profits or goodwill — **even if advised of the possibility**

Our total aggregate liability under this EULA will not exceed the greater of (a) the amount you paid us for the App in the twelve (12) months preceding the claim, or (b) US$50.00.

Nothing in this EULA limits liability for death or personal injury caused by negligence, fraud, or fraudulent misrepresentation, or any other liability that cannot lawfully be limited.

---

14. Indemnification

You agree to indemnify and hold harmless the Company and its members, managers, officers, employees, and agents from any claims, damages, losses, liabilities, and expenses (including reasonable attorneys' fees) arising from **your use of the App**, **your photographs or content** (including any claim that you uploaded an image of a person without consent), or **your violation of this EULA or applicable law**.

---

15. Global Availability, Export Control, and Sanctions

The App is offered globally over the internet. **You are responsible for complying with the laws of your own country**, and for determining whether your use of the App is lawful where you are. We may block or restrict access from any jurisdiction at our discretion.

You represent that you are not located in, under the control of, or a national or resident of, any country subject to **U.S. embargo or comprehensive sanctions**, and that you are not listed on any **U.S. government restricted-party list**. You will not access or use the App in violation of U.S. export-control or sanctions laws.

---

16. U.S. Government End Users

The App is "**commercial computer software**" and a commercial service under **FAR 12.212** and **DFARS 227.7202**. U.S. Government end users acquire only the rights set out in this EULA.

---

17. Injunctive Relief

You acknowledge that a breach of Sections 4, 5, or 6 may cause **irreparable harm** for which monetary damages are inadequate, and that we are entitled to seek **injunctive or equitable relief** without posting bond, in addition to any other remedy.

---

18. Governing Law and Dispute Resolution

This EULA is governed by the laws of the **State of Wyoming, United States**, without regard to conflict-of-laws rules, and by applicable U.S. federal law.

Disputes are subject to the informal-resolution, individual-arbitration, and class-action-waiver provisions in Section 18 of our Terms of Service, including your 30-day right to opt out, which are incorporated here by reference. If you are a consumer in the EU, UK, or another jurisdiction that restricts those provisions, they do not apply to you to the extent prohibited, and mandatory consumer-protection law of your country of residence continues to apply.

---

19. General

* **Severability.** If a provision is unenforceable, it is modified to the minimum extent necessary or severed; the rest remains in force.
* **No waiver.** Failure to enforce is not a waiver.
* **Assignment.** You may not assign this EULA. We may.
* **Entire agreement.** This EULA, with the Terms of Service, Privacy Policy, and Refund Policy, is the entire agreement regarding the App.
* **Changes.** We may update this EULA with reasonable notice for material changes; continued use constitutes acceptance.
